

**BOROUGH OF WILMERDING
NOTES FROM DECEMBER 1, 2020 WORKSHOP**

L. KIRK: Dave took care of the issue on 3rd Street.

S. SHURGOT: Glenn Engineering is being bought by Glenn Jonnet and they started to notify other clients. We have not been notified as of yet so we will keep you posted. I would like to meet with them before we sign with them.

C. LANG: I have an update on the grant, the GTRP grants were supposed to be awarded in November but they have pushed it back till March of 2021.

P. SHURGOT: did Dave say anything about Morningside?

C. LANG: no but I will call him tomorrow and see what is going on with that.

K. MAXWELL: I was notified that the boiler was leaking onto some electrical wires and it had to be shut down. Elk will be coming in to fix that.

C. LANG: Elk was there yesterday to look and see what repairs needed to be done and they are now waiting on a part for repairs.

K. MAXWELL: I am unable to repair the decorations for the park so I was going to have Tony put up what he can.

P. SHURGOT: Joe can you see if we can put stuff on the poles?

J. HARTZELL: there is a charge for that.

K. MAXWELL: the only other thing is that we got Tony the computer.
